

GAMMA ZETA CHAT

Volume 17, Issue 1

Leading Women Educators Impacting Education Worldwide

October 2018

President's Message

Dear Gamma Zeta Sisters,

It is a pleasure to serve as the Gamma Zeta President for the Meigs County chapter during the next two years. It has become a learning experience for me. I know that it takes everyone working together to make a successful Teacher's Society. I am looking forward to innovative ideas from our members.

The Delta Kappa Gamma Mission Statement promotes professional and personal growth of women educators and excellence in education. DKG has an international project to help with the UNICEF'S Schools for Africa and to provide support for early-career educators. We give an annual donation of \$50 to UNICEF for the African Schools. I CHALLENGE our members to think about ways to help Meigs County Schools as well. It is time to blow our own horns and deliver our message.

Amanda Pritchett, Carolyn Earnest and I attended the XI State Conference in June at the University of the South in Sewanee. I was very impressed with the whole conference. We learned some refreshing ideas to help our chapter. I hope to see you at our first meeting on October 24.

Have a great year!

Respectfully,

Debbie Humphreys
